# Restorative CPD Course

With Dr. Kavita Rana & Dr. Meglin Rathnasamy

13 September 2022

Neoss partners with Dr. Kavita Rana and Dr. Meglin Rathnasamy to bring you our Restorative CPD Course.

Attendees will gain knowledge in impressions (digital and conventional), temporary crowns, custom impression copings, and the complications of restoring dental implants.

The learning objectives aim to give attendees confidence in restoring implants with predictable results.

Pullman Cairns  
International  
17 Abbott Street  
Cairns, QLD 4870

Tuesday,  
13 September 2022

8:30am - 5pm

\$495  
incl. GST

### Dr. Kavita Rana

Kavita Rana registered as a general dentist in 2004, completed Postgraduate Certificate in General dentistry from the University of Queensland. The time and experience that Kavita received from General Practice prompted her to pursue further study in the field of comprehensive rehabilitation. She completed her Doctor of Clinical Dentistry in Prosthodontics at The University of Queensland. During her specialisation program at Oral Health Centre-Metro North, she received extensive training in aesthetic and implant dentistry, conventional crown and bridge prosthetics, full mouth

rehabilitations with a particular interest in fixed-tooth replacement. She has a keen interest in Maxillofacial rehabilitation of cancer and trauma patients. In 2020, she was the first Australian prosthodontist to join Australia based Maxillofacial Prosthodontic Fellowship at Chis O'Brien Lifehouse cancer hospital, Sydney. In addition to private practice, Dr. Kavita Rana has been devoted to dental education. The excitement of interacting with the students and fostering their growth in her chosen field of prosthodontics brings her abundant rewards. Dr Kavita Rana has held Senior Lecturer position with the James Cook University and Honorary position at Sydney Dental Hospital with Specialist support unit. She believes she can train the budding dentist to achieve highest standard of skills and deliver high standard of patient care. We utilise evidence-based dentistry and make use of ideal materials, equipment and clinical techniques to ensure that our patients receive the highest possible levels of care and to the most exacting standards. Our aim is to deliver finest care and the best possible treatment outcome.

### Dr Meglin Rathnasamy

Dr. Meglin Rathnasamy qualified in 2003 from the University of the Witwatersrand, South Africa. After owning his dental practice outside Johannesburg, for 8 years, Meglin and his family emigrated to Australia and chose Cairns as their home. Having been in Private Practice for the past 11 years in Cairns, Meglin brings with him a wealth of Clinical experience, strongly believing that dentistry is a combination of Art & Science – both mutually dependent on each other for success. After graduating with a GDipDImplant (Oral Implantology) from JCU, Meglin is on a journey of continuously expanding his knowledge on Implant Surgery and Implant

supported Prosthesis, learning from all those willing to share their experience and expertise. Meglin hopes to bring a practical and methodical approach to simple everyday general practice implant restorative procedures, to this course.
