

# Neoss Surgical Cadaver Course

With Dr. Peter Hell, Dr. Keith Doonan  
and Dr. Adrian Hoffman

16 CPD  
HOURS

15, 16 & 17  
September  
2022

## “Intense hands on Surgical Implant program”

This course is ideal for clinicians who place and restore dental implants and would like to deepen their knowledge and extend their practical skills.

Participants will learn the process of patient selection, site selection, and surgical placement based on the prosthetic requirements to achieve both a functional and aesthetic outcome.

### Thursday Evening

Provides the fundamentals in case selection, assessment, implant placement, drilling protocols, and hands-on implant placement into plastic bone.

### Friday & Saturday

The two-day cadaver course will cover major aspects of surgical implant placement including, site preparation, grafting techniques, immediate placement & loading, handling the soft tissue & emergence profiles, and suturing techniques. The venue offers a purpose-developed laboratory for working with cadavers and high technology workstations.

Time	Venue	Cost	RSVP

### Dr. Keith Doonan

B.D.S (Lond) M.Clin. Dent (Pros), FRACDS

Dr. Keith Doonan received his BDS in 1993 from Royal London Hospital Dental School where he graduated as the Dental Society President. He later received his Masters in Prosthodontics from Kings College London and is a fellow of the Royal Australasian College of Dental Surgeons and was a part-time visiting Senior Lecturer at the University of Queensland Dental School. In addition, Keith is a faculty member of DPL Educational services accredited to deliver DPL workshops on communication and interpersonal skills to dentists. He is also a qualified actor engaged in short films, stand-up comedy, and theatre. He currently lectures on dental implants, Prosthodontics, and communication skills and maintains a private practice in Brisbane City Centre and the Sunshine Coast. Keith has mentored several dentists with practical 'hands on' supervision in regards to all aspects of Implant dentistry.

### Dr. Peter Hell

BDS MSc (Hons) (Syd), FRACDS (Pros)

Peter completed his Masters in Prosthodontics with honours from the University of Sydney in 2007 and attained his Fellowship from the Royal Australasian College of Dental Surgeons in the same year. He went on as a staff specialist at Westmead Centre for Oral Health being involved in surgical research projects and teaching at both undergraduate and postgraduate levels. Since completing his BDS in Bristol in 1991 he has worked in Colorado, Hanoi, Taranaki, and London, where he completed a year-long restorative course at the Eastman Dental Institute. Over twenty years of clinical practice Peter has continued to evaluate the latest techniques against traditional methods in both prosthodontics and implant surgery. With a particular interest in optimal planning and execution of implant treatment, Peter is actively involved in teaching and mentoring and enjoys helping others to safely advance their scope of practice.

### Dr. Adrian Hoffman

BDS(Syd), FDSRCS(Eng), MSc(Qld), FRACDS(Perio)

Adrian is a specialist periodontist and the principle of "Pacific Periodontics & Implants" located at Tugun, Gold Coast and Ballina, NSW. Adrian graduated in dentistry in 1994 from the University of Sydney where he was elected President of the Dental Undergraduate Association. He attained experience in Oral Surgery, Oral Medicine and Prosthodontics in UK from 1996-2000 and attained his Fellowship of the Royal College of Surgeons of England. He completed his specialist training program in Periodontics at the University of Queensland in 2001- 2003. Adrian has a particular interest in mucogingival root-coverage surgery of natural teeth and soft tissue aesthetics around dental implants.
